*Open by appointment only. See next page for details*

# hello GLENDALE

Come flourish with us!

RSN's Studio Hope was created with the vision of helping people express their creativity, make new friends, learn something new, share knowledge, lend a listening ear, teach a skill-set, take risks, encourage each other, have fun and enjoy the moment.

Connect with fellow crafters at a Studio Hope workshop while you create beautiful works of art. Your tax-deductible donation reserves your seat. Projects include alcohol ink painting, jewelry making, knitting, crochet and more. Visit [RSNhope.org/Studio](http://RSNhope.org/Studio) for available workshops and details. You can sign up yourself, gift a workshop session to someone else, or donate a class seat for someone who has kidney disease (RSN will assign the donated seat). Enroll early, space is limited. All proceeds benefit Renal Support Network's (RSN) life-enriching programs.

In addition to art workshops, Studio Hope hosts community education classes that help raise awareness of kidney disease and the need for organ donations. There are more than 116,000 people on the organ donation waiting list, with around 96,000 of those waiting for a kidney. Although 95% of Americans are in favor of being a donor, only 54% are registered. There is an urgent need to fill that gap. On average, 22 people die each day while waiting for a life-saving transplant. On average, every ten minutes someone is added to the national transplant waiting list.

Studio Hope is a place for instructors, artists and crafters to share their expertise. Education and arts & crafts are keys to healing. We hope you join us on our new adventure in creativity and connecting. I hope to see you there. – Lori Hartwell, RSN Founder and President

*Renal Support Network empowers people who have kidney disease to become knowledgeable about their illness, proactive in their care, hopeful about their future and make friendships that last a lifetime.*
